

Michael Elliott

+1 (801) 718-7068 mike@elliotec.com

I lead engineering organizations and write code in complex, regulated industries, having scaled teams and technical strategy through hypergrowth and integrating acquisitions.

Experience

FOUNDER, EXECUTIVE DIRECTOR, THE CONSCIOUSNESS LIBRARY • REMOTE • 2024 - PRESENT

The Consciousness library is the world's largest open research database on consciousness exploration.

- Build the AI-enabled software platform, oversee the board of directors, and run all operations of the 501(c)(3) non-profit organization, including community outreach and business development.

PRINCIPAL ENGINEER, ADVISOR & CONSULTANT, ELLIOTEC/ELLIODELICS • SALT LAKE CITY & REMOTE • 2012 - PRESENT

Elliotec & Elliodelics are my personal brands and consultancies. I build things for people and help people build things.

- Work with companies including Carvana, Chargeback, Tinker Ventures, Bloom Juice, Fast Bar, Psychedelia Stiftung, Psymposia, Rug Lounge, and others on software and hardware product development, technical direction, engineering standards, product development processes, and compliance. Instructor and curriculum designer for software courses at The University of Utah, The Iron Yard, and Thinkful.

DIRECTOR OF ENGINEERING, EZCATER • REMOTE • 2022 - 2025

ezCater is the leading food for work technology company in the U.S.

- Led the Product Growth & Demand Engineering organizations that built the Ecommerce marketplace, mobile apps, AI-powered recommendation engines, and created tools and integrations for our highest-value corporate customers. Set the vision for technical strategy on top-level company product development goals, their execution plans, and organizational design.

DIRECTOR OF ENGINEERING, DUTCHIE • REMOTE • 2019 - 2022

Dutchie is everything you need to run an efficient & compliant cannabis dispensary: POS, Payments, Ecommerce, and more.

- Led an engineering department of 60 engineers with 3 management layers across 10 cross-functional, full-stack product and platform teams, and worked with executive leadership to plan and execute thousands of features through 3 funding rounds, 2 acquisitions, and over 20x headcount growth. Established engineering and product process, technical strategy, and organizational design.

SOFTWARE ENGINEERING MANAGER, NAV INC • SALT LAKE CITY & REMOTE • 2017 - 2019

Nav is the leading financial health platform for small businesses.

- Managed the Client Platform, Mobile Native, and Web teams, building infrastructure and UI across the consumer marketplace, enterprise product, and 3rd party platforms. Established architecture decision processes and code standards, technical strategy, and organizational design.

SOFTWARE DEVELOPMENT LEAD, OVERSTOCK.COM • SALT LAKE CITY & REMOTE • 2014 - 2017

Overstock is one of the first online retailers. They "help customers find the perfect something for their home at the perfect price."

- Managed a cross-functional team of 10 software developers in the R&D department working on strategic new Ecommerce verticals. Built the mobile e-commerce site and global checkout, which handled 50 million users per year and over \$500MM revenue.

LEAD SOFTWARE DEVELOPER, 4LIFE RESEARCH • SALT LAKE CITY • 2014

4Life is The Immune System Company. Ecommerce and distributed sales for immune support and health supplements.

- Led development of the front end of the Ecommerce site in .Net MVC, JavaScript, and Sass. Developed a system to release web campaigns and special projects with content management systems and internationalization strategies for a global user base.

WEB DEVELOPER, IMAGE TECH SOLUTIONS • SALT LAKE CITY & SEATTLE • 2008 - 2014

Image Tech Solutions was a hardware company that built a diverse range of products including light sticks and quilting machines.

- Built the company's various product websites with Rails and JavaScript alongside hardware assembly.
